CONNECTING INDIA'S FINEST TO
THE WORLD

ABOUT US

Established in 2015 in Ahmedabad, Gujarat(INDIA), **Trinav Global** has grown into a trusted name synonymous with purity, rich aroma, and unmatched quality in the spice industry. Under our registered trademark brand TRINAV, we bridge the gap between India's traditional agricultural heritage and global culinary demands.

TRINAV™

CORPORATE HEADQUARTERS

Located strategically in Ahmedabad, Gujarat, our main setup manages streamlined operations, robust logistics & extensive pan-India marketing networks.

SOURCING & PROCESSING

To provide unparalleled freshness, we operate in direct, exclusive collaboration with premium manufacturers and elite local cultivators in **Kerala - the literal spice garden of India**. This allows us to source the finest yield right at the origin, ensuring original flavor retention

TRINAV™

OUR BUSINESS VERTICAL

RETAIL

Premium branded consumer packaging designed for retail shelves and culinary enthusiasts looking for everyday luxury.

WHOLESALE

Strong, seamless pan-India supply chain catering to commercial distributors, modern trade channels, and food networks.

EXPORT

Spreading authentic Indian flavors globally with strict adherence to global food safety, phytosanitary norms & international standards.

WHY CHOOSE TRINAV?

Direct Sourcing: Zero middleman compromise; obtained directly from top-tier Kerala plantations.

Trademarked Assurance: Certified and authentic standard execution under our registered brand TRINAV.

Advanced Processing: Sorted, cleaned, and carefully graded using highly hygienic, temperature-monitored environments to retain volatile natural essential oils.

QUALITY CONTROL & PACKAGING STANDARDS

At Trinav Global, we understand that premium spice valuation strictly depends on volatile oil retention, zero external moisture contamination, and pristine purity standardizations.

AROMA-LOCK PACKAGING

Retail units utilize moisture-proof, high-barrier bags and premium jars. Wholesale and Export orders are secured via multi-layer heavy-duty PP bags and customized vacuum packaging protocols to withstand long transit cycles safely.

SIEVING & GRADING

Multi-tier mechanized and manual cleaning to eliminate foreign matters completely.

MOISTURE REGULATION

Precise processing to lock natural attributes and naturally prolong shelf life without synthetic additives.
